

CEOS WGISS Folder Slip Sheets (Draft as of 5/15/17)

Notes:

1. Only a couple of edits were submitted during/after the recent CEOS WGISS Working Group Meeting held April 3-6 in Annapolis, MD. The files below do **NOT** reflect those edits.
2. Please find the pdf version (**reflects the correct color, design and layout**) and the converted word document (**For editing only -Colors and Design do not convey properly when converted into Word, background images will also look more prominent**).

Guidelines for Editing:

- When providing your edits, please submit edits for information that does not change often. These sheets will not be updated annually.
- Information that changes often should be presented on the WGISS webpages. We will reference these WGISS website urls on the sheets.
- Please reference the CEOS/WGISS website for urls that are advertised in the slip sheets— we want these brochures to pique interest in CEOS & WGISS
- Please submit any edits via email either by inserting comments into the pdf, within the body of an email (please reference sheet title, paragraph, sentence to quickly identify edit), or by editing the Word document and using "track changes".
- It is helpful to use words like "please add", "Please remove" change xx to yyy, or please replace "xx with yy."
- Please review the diagrams/figures on each page. We will have the graphics artist recreate the graphics for consistency, but not until the final figure/diagram has been agreed upon.

PDF VERSIONS - **Reflects correct color, layout and design**

CEOS_DataPreservation.pdf

CEOS_TechnologyExpo.pdf

CEOS_OpenSearch.pdf

CEOS_CWIC.pdf

CEOS_FedEO.pdf

CEOS_IDN.pdf

CEOS_WGISS.pdf

WORD VERSIONS- **** Please note- the word files are for editing only- colors & design do not convey properly when converted into Word. Background images will also look more prominent****
